The Premises:

Very cosy apartment above the North Bay. Don't know much about the area other than to say that on the time of day I went (and this was my second visit with both being at the same time) it all felt very safe and discreet with plenty of parking only a very short distance away. Amy told me she is looking for another place but I just hope she can find somewhere equally private.

The Lady:

Amy is a really lovely lady with large breasts and a fantastic figure. Her own website description, and pictures, are accurate and up to date although I feel she looks a little younger than is stated -but I'm certainly not complaining about that! I can only add that when she is down to her underwear, or further, she looks absolutely stunning. She is also an excellent people person and during various breaks in proceedings I really enjoyed just talking to her.

The Story:

This was, as mentioned above, my second visit. I was greeted like an old friend and immediately offered a drink. On my first visit I accepted and we sat and talked for a few minutes but this time we went straight up to the bedroom. I can only say that she has no inhibitions and will partake in all activities! Some, as mentioned in her website, do mean a slight extra charge but she really does appear to enjoy them. Well, judging by the vocal noises she does! She provided the ultimate GFE for me - I really did feel I was with very sexy girlfriend who was having as good a time as me. And if that wasn't a genuine orgasm she had then I can only say she is the best actress I've ever come across. And her neighbours will be able to confirm that as it was a little loud!

I think at various stages during our time together (she is not a clock watcher - it was well over an hour when I left) we did just about everything it's possible to do. I will certainly return to see her as soon as I possibly can.
