A beautiful lady with curves in all the right places, with lovely blue eyes, a huge 34G bust and lovely long black flowing hair.

The Story:

I knew I wanted to see Amy the moment I first saw her website many months ago, but then saw she was over 300 miles away from me, bummer! During Mid-October, her site announced she was coming to London, hurrah! After some e-mails and a phone call, everything was set.

I was greeted with a huge hug and kiss, and my first impression was WOW! Amy looks gorgeous and was dressed just as I requested. After a shower and drink, the smooching started. Kissing is such an important thing to me, and we had discussed this beforehand and I knew straight away I was going to have a wonderful evening. Amy is a great kisser!

Over the next hour, sensual was the keyword. The smooching continued as the clothes slowly started coming off and we started exploring each others bodies. After lots of oral delights both ways we took a short break, while lying in each others arms chatting and cuddling which was lovely. Our second hour started much like the first, lots of sensual kissing which Amy is an expert at, building upto to some wonderful sex.

Amy is a very responsive lover, who knows how to please her man in the bedroom and I loved every minute I spent with her. I experienced everything I could ever ask for. A smooch-a-thon from a great kisser, sensual seduction from a beautiful lady, passionate sex that will leave you breathless, not forgetting warm cuddles and laughs. Wrap all that up with a great sense of humour and someone who makes you feel on top of the world, and thats Amy.

My only complaint is that I now have to wait until she is back in London before I can see her again,

but you can bet I will be first in the queue. Come back soon!
