The Story:

Was let into the flat and greeted by Val at the door, had got there a bit early as this was my first time of using 'annabellasescorts' and didn't know their setup. For those of you who haven't used them you are directed to a individual flat, it's not a complete setup as some establishments. Anyway back to the important stuff had a shower and waited a couple of mins for Val to get ready (well worth the wait) when she came back into the room we kissed and then she took the little clothing she had on off and I had a good look she is gorgeous face, figure everything. Had a massage then RO, OWO and then covered sex her on top then mish, then 69 where we both came. Clean up then a chat as we lay caressing each other. Will definitely be back she is lovely to talk and sunning to be with.
