The Story:

Afer serving Mistress Pamela for a few years now as her slave, she decided it was time for me to be put into chasity. The session began with me being spreadeagled on the bed, and blindfolded. Mistress then shaved my genitals, before mounting me, and riding me for one last time. Once i had cum, mistress then emptied the rubber into my mouth, before cleaning me up. She then fitted my chastity device, snapped the lock shut and put the key on a chain to be kept in her flat.
