### The Premises:

Very clean and tidy, as reported before. very close to Milton Keynes shopping and LOTS of parking.

### The Lady:

Exactly as she appears on the website, but even better in the flesh. She has such a tight body, a tiny little ass and fantastic boobs with a very tidy, shaved pussy.

### The Story:

We turned up at our appointment time only to be told I had to ring on the day to confirm, which I hadn't done, because I hadn't been told, and Pixie was no longer available. However, the very friendly receptionist had a word with Pixie who agreed to stay on and see us after her 8pm client.

I'd been told by my wife that we could make an appointment to see Pixie to satisfy one of my needs and she didn't disappoint! There was no sex but the whole purpose of the visit was to get some owo with a cim finish, which Pixie said she'd be happy to do! She really helped us relax once we got going and what started off as a very nervous experience was made so much fun by the way she put us both at ease. The wife stripped off and joined in very shortly after Pixie started to undress me, which was a total surprise, but very horny indeed. The site of them kissing and fondling each other over me will stay with me for a long time. After lots of kissing, licking and sucking between all 3 of us the glorious moment came.

We'd definitely see Pixie again but for longer next time, and I'll be taking an extra shirt so she can rip the buttons off it :)

Milton Keynes isn't that local for us though and we'd be very interested to know if she works independently, maybe for a home visit?

Thank you Pixie for a wonderful time! xxx
