The Premises:

Very smart and clean upmarket apartment in good, safe area a few minutes walk from several underground stations. Also parking nearby plus a "Boris Bike" rank if that's your preferred mode of transport.

The Lady:

Young and beautiful, just the way I like them. Quite petite with short blond hair, nice toned body and friendly, chatty manner. Very confident, affectionate, sexy and great fun to be with.

The Story:

Pixie invited me to help her undress, then helped me to remove my remaining clothes. She dropped to her knees to pull my pants down then took my cock deep into her mouth as she looked up at me with a mischievous smile.

After a few minutes, Pixie invited me to lie on the bed as she continued to suck me slow and deep - no hands, my favourite!

Pixie then asked if I would like to lick her pussy, well I didn't need to use my Masters Degree in Rocket Science to answer that one, "yes". So down I went to sample her delightful pussy, which resulted in Pixie building up to a powerful orgasm, great stuff.

Then my turn again, a quick suck to get me back up to full power, then Pixie asked me which position I wanted. I chose doggy to start with, intending to change, but that pussy was so tight and inviting that I stayed put until I too came powerfully.

Lots of kissing between bouts - as I said, a very affectionate, sexy girl.

Pixie helped me to get dressed afterwards, no rushing, another little kiss or two then she called the maid (another super, friendly girl) who showed me to the door.

What a great start to the evening!
