The Story:

Maria greeted me in her school uniform and as soon as we were back in her room she began snogging me. Her kissing is like a form of sexual assault, in the nicest possible way. We both undressed and she took me to her bathroom where she had prepared a bath for us. She washed me thoroughly and then resumed DFK, breaking off occasionally to ask me questions ranging from the utterly random to the disgustingly filthy. This went on for ages, at one point she gave me OWO but came back up for more snogging which she either loves or deserves an Oscar for.

We eventually went back into the bedroom where she dressed up again in the school uniform, and lay on top of me for more snogging before moving down and sucking my cock. I loved this but wanted to fuck her so she put a condom on me and rode me cowgirl, leaning down for more snogging. I lay her on her back and carried on fucking her while she moaned and encouraged me to keep going. After a while she asked if I wanted to try anal and she got on all fours and I pushed my cock into her arse. It wasn't long before I shot my load into her tight bum, at which point she grabbed my hand and brought it round to her pussy, which was soaking wet.

I collapsed onto the bed whilst Maria went to freshen up. When she came back she jumped on top of me and started trying to eat my face off again. I was exhausted and asked for a massage, and Maria immediately switched from vamp to masseuse when she could see I needed a break. After a very relaxing massage she got me hard again and began slowly sucking my cock. Because the extended session in the bath meant the first round had taken most of my time I didn't think I would be able to pop again, but Maria wouldn't have any of it and went over time, snogging, wanking and sucking me until I came in her mouth.

Maria is a kook, great to spend time with and absolute sexual dynamite. I was intending to put a 'No'

for would you return, based mainly on the fact that meeting her requires an advanced booking whereas my punts are usually decided on the day, however just writing this report has brought the memory of a fantastic punt back and I will definitely see her again.
