The Lady:

Tall curvy black lady with British accent. Would guess 30-something and would appear to have had children from tummy.

The Story:

I can be a fancier of young and pert but I also know I can get great experiences from some more mature ladies and, just going on Holly's recommendation, I saw Keisha. She is straightforward in talking to you as if you are no stranger and although some may not like her announcement she has a set routine, it is negotiable and she is actually very easy to be with and to settle on what you want.

I just tweaked the routine as suited me, having a cuddle instead of a back massage but enjoying the front massage and its development into fondling, a stray Keisha finger and some ball licking.

Then reverse oral which she enjoyed vocally and earned me some kissing before sex in doggy. I was going to move her into another position but in fact we both enjoyed doggy and then her flat on her stomach.

Easy chat throughout, nothing I did was stopped by her and I like to think we both had a great time.
