The Story:

Annabella's is generally a very good place, but not this time. Things got off to a bad start ? I'd rung to book Jessica in advance on the basis of her photo (after being told my first choice, Katrina, wasn't available) and specifically asked that she be fully dressed. When she came in she was wearing the usual skimpy leotard that most wear! ? no explanation or apology given. In terms of appearance Jessica has a great body, as per the website photos, and she's certainly pretty, with a resemblance to Scarlett Johansson.

However from the start she came across as being completely bored and uninterested and this continued throughout the half-hour. She was virtually silent throughout, except to say what she wouldn't accept ? DFK, CIM, and fingering. I thought this may be as a result of language difficulties (she's Italian) but when I asked her she said that she'd been in the UK for five years so I guess she is pretty fluent in English ? just couldn't be bothered to talk. I found this quite unfriendly and off-putting and just added to the negative experience.

Motions were gone through, with Jessica occasionally straining to put on an obviously false smile, but she looked so bored that I got bored too. The end was reached with covered BJ, but after I came she didn't offer to clean up, just left me with a wet condom on and threw me a tissue. This is a first for me with WG's ? they have always helped with this final part. There were five or so minutes left and she just stood gormlessly by the bed until I asked her to lie beside me for the remaining time, which she reluctantly did. I only asked this because I didn't want her finishing early, but predictably it was like being with a showroom dummy, as was the whole experience.
