The Story:

Found myself at a loose end in London Tuesday afternoon and thought I'd try something I haven't before, an Asian girl.

My preference has historically been for the classic English Milf look but part of a new years resolution I wanted to broaden my adventures.

Maria greeted me in her school girl uniform which appears on her website and spent no time in telling me I was going to be in for one hell of a time.

Whipped off the clothes and straight into the bathroom for a very intimate assisted shower / bath which involved getting soaped up by Maria and having my prostate massaged whilst getting an exquisite owo session.

Dried off and then lead back to her bedroom by my now erect cock, she said hello to her flatmate with me in tow. Next time, that will be on the agenda.

Straight on the bed for some deep French kissing and mutual oral, at one point I had me cock in her mouth, finger up her arse and thumb rubbing her clit. She is a machine when it comes to energy and enthusiasm.

She then suggested she lube me up and play with me. Fingers inserted again into my anus almost bringing me to climax, and then she then brought out her strap on which made me gulp as it was a sizeable piece of kit. After much gentle probing, lubing and sniffing some poppers I was impaled with her banging away laughing and moaning. It was a magnificent sight seeing this tiny Thai girl thrusting away whilst spreading oil all over her body.

I was then smothered in oil and told to fuck her arse as she had done mine. She took me full tilt and started bucking and quivering asking for more and more.

Sadly for me I was running close to time, I asked what we could do. To which she replied by bucking back and forth at a frantic pace! I was close to coming by now and said in the throws of hornyness / passion that I'd love to cum on her face and in her mouth. She responded with a dirty laugh and nod of her head, and then mumbled something about tongues, I just said yeah fine. Needless to say, dropping my cock in her mouth and having her suck every last drop whilst again fingering my ass was mind-blowing, I was still Cumming when she jumped up and stuck her tongue down my throat, cum and all. Never really done then snowballing thing, but think I could be convinced as she was fingering herself over the snowballing.

All in all, as my first punt with an Oriental lady I was over the moon, she is both tender and filthy in equal measures. I would love to try her with her flatmate or spend longer with her.

Efficient booking process as well, made the whole experience brilliant
