### The Premises:

Nice building, very nice part of town. Very clean and had just been vacuumed - even had to take my shoes off.

### The Lady:

Very cute, blonde sex pixie. Amazing soft skin, great tits, beautiful eyes.

### The Story:

Third ever punt and was really looking forward to this beforehand, and it did not disappoint. Lead into the bedroom by the maid, and in Pixie came, and then I had a quick shower. She started of with a little striptease for me which got me nice and hard and some great kissing, and then on to the bed for an awesome BJ. After about 10 minutes of heaven, on with the condom and then some great (albeit brief, sorry Pixie!) sex with her on top. Came good and hard, and she still rode me for a couple of minutes. then some more kissing and hugging and some great talking. Try as she might, and she tried very hard, she couldn't get me hard again. Just before the hour was up, had a quick shower, then a goodbye kiss, and off into the cold February air with a spring in my step.
