The Premises:

Nice premises at the back of Fenny Stratford high street. Access is through the (free) public car park. Others have mentioned the shower but I thought it was fine.

The Lady:

Wow, Wow, Wow.

Poppy is absolutely stunning. A little over 5 foot with a lovely size 8 figure and beautiful big breasts which are as full and pert as one could wish for. She has a beautiful smile, lovely hair and a great demeanor.

The Story:

This was my first go at sensual massage and I cannot believe i have left it so long to find this. Sure I've had massages and sure I've been on a conventional punt or two but this was something else!

I have never experienced an orgasm where my fingers and my face tingled. This must be something to do with the combination of a relaxing and competently managed massage (I've done a massage course myself so have a good idea of who knows what they are doing), the slow build up and then finally the well handled release. Whatever it is it has to be experienced.

Poppy guided me through the whole thing, letting me know that I could touch her, blowing on my ear and elsewhere at times and putting my hand between her legs as I approached climax.

I'll be back next week to find out if the tingling thing is a one off or not!!
