### The Premises:

Smart, new apartment near the railway line, easy walk of town centre and station. Watch out for car parking - it's very limited and heavy fines are threatened for parking in the wrong place (see review).

### The Lady:

Gorgeous. Her pictures on adultwork don't really do her justice. Slim, long red-brown hair, very pretty face, firm, nice-sized pointy breasts, smooth skin.

### The Story:

This is a classic case of 'the pretty ones don't have to work hard'. Vicky is beautiful, but frankly can't be arsed. She's Polish, and her English is not good. She seemed unsure of who I was and how I'd made the appointment, although we'd spoken 3 times on the phone that day. Her adultwork page claims "with me you will receive ultimate girl friend experience and will spend fantastic time. Trust me!" Don't! I was reminded of the Smiths' song 'Girlfriend in a coma' - this was definitely not a GFE!

She says she offers deep throat and French kissing, but neither were in evidence when I was there - in fact, no kissing at all. I was apparently 'too big' for her to suck more than the head of my cock - something of a novel outcome for me, having had DT from some excellent WGs. (I'm really not that big). While her technique was good, this was not what I had wanted or expected. All the while she seemed completely disinterested and mechanical, and the blowjob often became more of a handjob. While she was doing this, I took off her panties and went to rub her pussy with a wetted finger, but she insisted I use lube, and 'not inside'. After a while, during which she remained completely unresponsive, I offered to lick her - she was stubbly, which I dislike, but carried on regardless, and got the same lack of response. (From the reactions I get from lots of girls, I know I'm not that bad!) I finally decided to fuck her, in mish. Her pussy was hot and tight, and I came after less than 10 minutes. All the while, she kept her face turned to one side, and complained that it tickled when I kissed her neck.

When I arrived I'd asked her where to park. She seemed vague on the subject, and in the bays she'd suggested there were big warning signs threatening £100 fines unless a permit was displayed. When I had asked her about it, she seemed to think it would be OK, but after we'd fucked I glanced out of the window to see a car pulled up behind mine and a guy in what seemed to be a uniform prowling around. I asked if it would be OK if I went out, moved the car to a visitors' space (which she'd belatedly told me about) and then came back, as we were only halfway through the

hour I'd paid for. She said no, claiming some problem to do with neighbours. By that stage I was so annoyed by her attitude and lacklustre service, and concerned about the cost and embarrassment of getting my car clamped, that I decided to cut my losses and leave.

I've had girlfriend experiences with current and past girlfriends and quite a few WGs. Vicky would look spectacular on your arm, but she provided all the GFE of a blow-up doll. OK, so I'm old enough to be her dad, and I'm not the handsomest guy around, but neither am I the ugliest - she even complimented me on my fit body. A good WG knows how to flatter and please, and strike up a rapport with the punter. I also like to chat, have a laugh and a joke and turn it into more than just a quick fuck. Vicky clearly wasn't interested in any of that, and just went through the motions to get paid, so unless you like fucking a beautiful but totally detached girl with limited English, steer clear of Vicky.

If any punters out there can recommend a good, slim WG who does in-calls somewhere within easy reach of Basingstoke, I'd love to hear from you. The whole area seems to be a desert for good WGs. Some years ago I visited Gena, but vowed never again after she took a phone call from a punter while I was fucking her, so any new recommendations would be welcome.
