The Premises:

I met Lady Victoria at some clean discreet premises in the Milton Keynes area. The area seemed perfectly safe and well kept and there was plenty of parking available on the street. My Sat Nav wanted to take me there via a route that was bollarded off but after some directions I arrived.

The Lady:

Her pictures are accurate. Dress size 12, natural red hair, cute, very large breasts (I believe an F cup).

The Story:

I was greeted with a hug and a kiss on the cheek before dealing with the paperwork. That out of the way, we lay on the bed and chatted for a while before she climbed atop me while I was laying on my front. I leant back and we kissed. Victoria indulges in proper french kissing which is a favourite of mine. She teased me with her tongue on my face and side before I turned around to kiss her some more. I slipped my hand behind her back and undid her bra, which she then removed completely. Victoria has lovely big boobs with apparently quite sensitive nipples. I think she enjoyed me licking and sucking on them almost as much as I did.

Victoria certainly knows how to tease and please a man. She traced a line down my body with her tongue, stopping only to tease me through my trousers before finally removing them. She took me in her mouth and gave me the most amazing plunging deep throat blowjob. I knew Victoria had a love of giving oral sex and this became very apparent as my cock was well lubricated with her saliva. I had to stop her before she made me cum, and partly because I too am a lover of giving oral sex and was eager to show her what I could do.

Victoria lay on her back and slipped off her panties. I started to gently lick her vagina, beginning around her entrance and working towards her clitoris. She gasped a little as I started to lick her most sensitive area, orgasming quite quickly and very powerfully. I do so love it when a woman isn't afraid to let you know you've done well. I left the clitoris alone for her to recover and concentrated elsewhere until she was ready to go again, then returned to her most sensitive spot. Two or three orgasms later and it was my turn to receive some oral pleasure again in the form of another amazing hands free plunging deep throat blow job. Lady Victoria is very intelligent and knowledgeable, especially on the subject of oral sex. She made me cum into her mouth with an

intense orgasm. I don't think I've ever had one quite like it, I was out of breathe despite not actually having done any work myself. She may be the only woman who has ever made me cum purely from oral sex without using her hands at all.

We chatted for a while and it turned out that the 2 hours had just flown by.

I will definitely be seeing Lady Victoria if she ever ventures down this way again.
