### The Story:

I was shown to a nicely done out room and awaited Kristina. When she came in she was immediately very friendly and came over to introduce herself with an affectionate kiss. We chatted for a minute or so whilst I shed some clothes and then got down to business. I do not need to go into explicit details, but what I can say is , she's a " Great" punt, eager to please and very responsive to oral. I thought at one stage she was going to suck me to death!! lol but that was just her enthusiasm and professionalism. I think when you've been with a few different girls you " Know" the difference between average , good and very good.....she was very good. I enjoyed it sexually and we had a good exchange of banter too....PERFECT!!
