### The Premises:

As previously reported.

### The Lady:

Reportedly Romanian, very pretty, early 20s, average height, lovely slim figure, small - medium bust, fully shaved. Good command of conversational English. The bottom 3 photos on her webpage are a better likeness than the others.

### The Story:

She initiated perfunctory chit chat at the start (and finish) which sort of broke the ice between us though I wasn't sure whether the dynamics between us felt quite right. This made me wonder whether things were going to turn out well.

In the event there were frequent bouts of FK (not particularly deep), owo (excellent technique), fj (she seemed to enjoy watching this in the wardrobe mirror) and then she came more alive during ro and cowgirl playing with herself while I did my bit. She also has a few nice touches (in both senses of the term) in her repertoire. The downside is that I asked to be finished off by mouth but this turned out to be much more hand than mouth (no cim) stopping fractionally before the first spurt and I had to take over to keep the momentum going. She apologised by saying that she never knows whether to go fast or slow and cleaned me up with wet wipes which I always appreciate.

In conclusion, a pleasant enough experience overall.
