### The Story:

Started off with a brief massage. Mia soon realised that I was there to get teased, so she spent pretty much all of the time running her hands over my more intimate areas. On to my front for the best tease, oil, performance I have had in a long time. She really knows where to put her hands, and OMG she teased every last drop out of me with her perfect technique! I have been back since and had same treatment. One of the best!
