### The Premises:

Discreet building next to free car park. Very easy to find. Clean and well appointed, very professional, nice atmosphere.

### The Lady:

All of Ego's ladies seem to be very beautiful on their website, but Jess stood out to me, so decided to see her. In person she was even more beautiful, very pretty eyes and a lovely smile. Jess is quite tall and slender with a very athletic body with just the right amount of curves in the right places. Her photos and stats seemed to be very accurate. Her waist is impossibly slim, adorned with a tasteful tattoo that the website masks but which really accentuates her beauty.

### The Story:

My first visit, the maid let me in and showed me up, leaving me in the room for a moment until Jess came in. She gave me a glass of water and asked if I'd like to shower which I did. While I freshened up, Jess got undressed leaving on only her long stockings. She looked simply incredible. I lay down face down on the table and Jess began, giving a really expert massage, that gradually got more sensual. She eventually asked me to turn over and things got even more amazing. I had a wonderful time, Jess was caring, skillful, warm and very very sexy. Thoroughly recommended, hope my travels will take me nearby again soon!
