### The Premises:

I decided to use my car on and I managed to park alright. The location is quite nice on the inside. It was basic but clean enough too.

### The Lady:

Delisha is a 20-year-old girl from Hungary. She is 5,5 with a decent set of tits and ass.

### The Story:

Delisha looked great in the photos, but while she looked okay in reality, I was a bit disappointed. Still after a brief chat, we were soon getting on with some French kissing just to get things started. It had been a really long day at the office and I was really tired and wound up, so Delisha provided a massage but it wasn't very effective to be honest - it didn't really relax me.

I wasn't as turned on as I hoped I would be and it seemed like a good idea to try out a 69 with her: again though I was a bit disappointed. The position usually drives me wild, but not on this occasion.

I was pinning my hopes on the actual sex as I was a bit brassed off by now. I began by preparing her for some doggy style ramming. She was loud as I slid my stiff dick in and out of her pussy but she was a bit too slack for my liking. I wanted to try her in the missionary position so that I could see her facial reaction as I nailed that pussy hard. But she looked as bored as I was. A very average hour all round.
