The Story:

I've been coming here for the last couple of years, and have never been disappointed. This was the first time I had seen Cassie, but she is by-far one of my favorites at the retreat now. She is without doubt one of the most beautiful women I have ever seen. Her piercing blue eyes and lovely teeth left me weak at the knees, as well as her perfect body and amazing Dominatrix skills. Even though she is probably in her early twenties, she handled the role better than most mistresses who are much older than herself. She is playful and sexy with it too, which goes a long way with me. I asked for some foot fetish domination and for her to kick me in the balls, as part of the session, and she executed it to perfection, whilst verbally taunting and teasing me throughout. I also cannot believe that someone else reviewed her for the same day with very similar requests, but I totally agree with the reviewer that her pretty little size-5 feet are perfect for any foot fetish fan. I also urge that anyone with a ball-busting fetish to visit her at least once. Cassie is one of the best the retreat has ever had, and is on par with the lovely Lisa and Amy. Thanks for making my day.
