The Premises:

Nice enough flat. Candles and clean sheets so did the job perfectly well.

The Lady:

She was young but cute as hell. Only 18 but she could look young with pig tails or older when she put her hair down and shook it out. A very slim body but its all in the right proportions and those pert breasts are to die for.

The Story:

I realise this girl isn't to everyone's taste as she is only 18 but she is really nice very smiley and acts like she wouldnt hurt a fly. You kind of worry for her in London but as you get to know her you realise she has her head screwed on and is way tougher then you think.

She is entertaining when you talk she is funny and giggly and keeps you entertained.

In the bedroom, she keeps you entertained and her enthusiastic approach is catching. You seem to drop years and join in in a storm of sex and snogging. it was a whirlwind but didnt last any less than normal. I used my whole hour including the chat and getting ready after but it seemed to go quicker than normal but it actually didnt.

she kept her enthusiasm up the whole time and i left with a smile on my face.

very nice time
