The Premises:

I saw Jessy in a decent hotel just outside Guildford town centre. I don't usually like hotel in-calls, but this was in a spacious and comfortable family room with a huge bed, good bathroom and a great shower – far superior to the cramped budget venues that I've had the misfortune to visit in London.

If you are shy you can side-step reception by going in through the (extortionately expensive) bar, but it was very quiet when I was there, so I could have just walked through the main entrance with a confident smile and no problem.

The Lady:

I was stunned when I saw Jessy – the photos give very little indication of her size. Until recently I was a great fan of slim Thai girls, but Jessy is absolutely tiny – I would guess a size 4? Consequently, she does have very small boobs, but is saving up for some silicon later this year. Quite frankly, I was quite happy with them as they are, but I would be interested to see and feel the results.

She was dressed in very flattering leggings accentuating the contours of her pussy, with the white top from her photos. She had freshly coloured black hair and I found her sharp Slavic features very attractive.

The Story:

I don't usually punt on Sundays, but I was really pissed around by a girl yesterday and the good weather put me back in the mood.

Unfortunately, not one of the dozen or so girls on my hot-list was working (all out enjoying the sunshine?) and so it was a fresh search and Jessy caught my eye. All sorts of alarm bells rang (old profile, zero feedback, huge service menu, vague photos) but she was inexpensive and very local and so it wouldn't be much of an inconvenience if I turned around and walked, went for a couple of beers, and sorted myself out when I returned home.

Experienced punters will know that AdultWork profiles often get passed on when one girl retires and

another takes over – AW make it ridiculously difficult so set up a new profile (I know from experience) and yet clearly turn a blind eye to this very common practice. They shoot themselves in the foot because it just encourages dodgy inaccurate profiles, bait and switch, and mistrust on all sides.

Anyway, Jessy's comm's were faultless and she was ready for me exactly on time.....

Jessy was open and friendly enough when I arrived, but it soon became clear that her services were not as comprehensive as advertised. There was no argument about OWO and the £20 extra but, as many girls do, she stipulated withdrawal and cum on belly. I was not happy about that as it seems to defeat the whole point, but I said it would be ok as long as I could CIM instead – however, she then dropped the bombshell and said she doesn't provide that.

Of course, I understand that everything is "at discretion", but maybe some girls use that as an excuse to lure you in and then give themselves as easy a time as possible. Jessy advertises anal, but I'll just chuckle inwardly at that as there is no way that she could ever provide it to anything thicker than a pencil – I didn't even bother asking!

The lack of CIM was a deal-breaker for me, and I was not prepared to proceed on those terms; I told her I was no longer interested and would leave, at which point her attitude softened somewhat and she agreed to CIM – and I agreed to stay.

A shaky start, and Jessy was bloody hard work as there were a few no-go areas to learn about – no kissing on the lips or more than a cursory kiss of the nipples, although she was more than happy to have her boobs fondled and even allowed some restrained pussy-play – which really surprised me. Her OWO was nice and relaxed and she wasn't initially keen on RO, but this is one of my favourite things and so I persevered. Jessy didn't get gushy, but was wet enough to let me know that she was starting to appreciate my efforts.

It was the same with the sex – she was not enthusiastic to begin with, but over the next fifteen minutes or so she really relaxed her attitude and seemed to think that maybe escorting was not so bad after all, and I had a really satisfying time!

Punting Jessy was like "taming the shrew", which I have experienced a few times with girls that don't enjoy sex work at all. However, with a lot of patience and consideration, sometimes the turnaround and subsequent rewards can be immense - I had a fantastic experience and am looking forward to a return in the next few weeks. I just hope she sticks around.....

Summary

I went in with very low expectations, but Jessy was a real find – and only the second AW girl who has ever confirmed the booking straight away, and given me feedback before I'd even done it for her!
