The Story:

The assistant told me that Loren was their most popular girl and I can absolutely see why! She is lovely to look at, I can't think of a single man who wouldn't want to spend some time with Loren. She showed up on time after sending me some flirting exchanges throughout the day. She even sent me a hot selfie of herself while she was in the uber on her way to mine - I knew I was in for a treat. Loren was dressed in a tight summer dress, looking tanned and gorgeous. She greeted me with a friendly kiss before we chatted for a little while over wine. I had a quick shower and returned to find her already naked, touching herself and gesturing me over. She proceeded to give me a fantastic owo, looking up at me the whole time as she went deep. She got on top of me and gently bounced before we switched positions a few times. It finished with me doing her up against the wall from behind. A little awkward as she's rather tall but still very sexy and enjoyable! Loren is a feisty one with lots of energy and up for anything. Would like to see her again but for longer next time. An hour is not nearly enough!
