### The Premises:

As previously described.

### The Lady:

Reportedly Canadian but definitely with English as her mother tongue, attractive in a girl next door sort of way, light brunette hair, petite, slim build, small-medium sized breasts, landing strip between the legs, body art, clearly erudite - it won't surprise me if she was blue stocking.

### The Story:

Booking Hayley was a punt in the traditional sense of the term as I couldn't predict how it would turn out as she was a dark horse from the limited form given on online resources. In the event, I had backed a winner.

First impressions were excellent as I found her fanciable physically and the chemistry between us felt right. Proceedings started when she gave me a peck on the lips just after we'd introduced ourselves and this morphed into fk then dfk. What was remarkable was everytime I went to touch and kiss her intimately, she sort of convulsed as if an electric current was surging through her. Yes I can guess what the cynics are thinking and I would had thought the same had she not been so convincing and displayed all the physical indications of being highly aroused. She somehow succeeded in conveying that I was some sort of superstud (sadly I'm usually the quite the opposite) and this really fired me up to unprecedented levels enjoying ro, owo and finishing in missionary (covered) while dfk'ing pumping away for several minutes like a seasoned porn star with Hayley being extremely vocal and spurring me on just like the leading ladies in American porn movies before the inevitable powerful climax.

Needless to say I enjoyed every moment immensely and, like all the best punts, left feeling on top of the world. I will be booking her again very soon.
