The Story:

Rihanna arrived promptly and that's the only good thing I can say.

She persistently pushed me for more than an hour's booking which I refused. Having taken my £120 for the hour she immediately began to suggest tips. I tried to reason nicely with her telling her that I had paid £120 in good faith for her service. She got a big stroppy but then became all nice and flattering. She started to talk a lot. At first I thought she was nervous but she went on and on. Next she wanted to look at the photos on my phone. Then she got her phone out undressed to her underwear and began to pose and photograph herself in selfies and in the mirror. Eventually she sat next to me asked me to turn over, put a condom on what I thought was her finger and started to insert it in my arse saying that is where men cum from. Eventually I got fed up and turned round to see that she had inserted a tea spoon in the condom not her finger.

I tried to encourage her to attend to me but she said time was up and demanded I pay for another hour. She begged and pretended to cry but I refused.

I asked her to leave and when she did I immediately phoned Bubbles Escorts to complain.

They phoned Rihanna who of course lied. Rihanna then bombarded me with phone calls until I blocked her number. I then started to get bombarded with calls from an unknown number which I couldn't block. I eventually answered to hear a girl laughing down the phone at me.

I phoned Bubbles Escorts back. The lady was entirely unsympathetic.

Beware of Rihanna and do not trust Bubbles Escorts
