An area off a main road, away from the town center. Reasonably discrete side entrance down a little alleyway behind some shops. Go down the side street and you're looking for the alleyway with a silver metal door at the end. The actual entrance is to the side.

The Lady:

Bubbly local lass in her 30s. BBW body type.

The Story:

If you've read my other reports, you'll see that this is my third visit to a massage parlour after a long period away from sex. I asked for the same thing I had on the other occasions, 30 mins of hand relief from an undressed WG.

This was my first meeting with Georgia, a BBW in her thirties with a full, completely natural figure, which is what I'm into. At all times, she was extremely accommodating and chatty. Her natural E cup breasts hold the record for the biggest I've had my hands on so far! I love bodies like hers, and she didn't mind at all when I asked her to put the main light on in the room, so I could make the most of what I was looking at.

After sorting out the money, we started with a quick massage, before moving onto the handjob with her lying beside me. She certainly knew what she was doing in that department and it wasn't long before I was rock hard. I started with no lube, but after a while I requested the baby oil as I like both types of sensation. Like everything else I asked for, she was happy to accommodate.

While getting the hand relief, I confirmed that oral and full sex were available if I wanted them. But as I said, I'm a bit new to the scene, so I stuck to the hand relief with some mutual touching. There are always subsequent visits, if I want to take things further next time. While she was next to me on the bed, I spent some time having a feel of her breasts, amongst other areas. The eye contact throughout was good too.

She knew what she was doing and I shot my load quicker than I expected (I usually take ages). If I'd realised that was going to happen, I would have asked her to slow down, but you can't blame a girl for being good at her job. That said, she wasn't wasn't going particularly fast, but these things

happen when someone's doing the right things and has the type of body that turns you on. After some clean up we had a bit of a chat and she told me that she loved her job, something I found easy to believe.

In summary, Georgia is a bubbly girl next door type with a full figure and big natural breasts and a local accent. As I said at the beginning, I'm taking things a bit slow as I get used to this sort of thing. I'm sure that I was only scratching the surface of everything that was on offer, and some people might feel that 30 mins means I'm paying too much for hand relief, but that's how I want to play things for now. Recommended.
