The Premises:

Clean, nicely furnished apartment. Discreet location. Plenty of parking nearby.

The Lady:

Laura is very easy on the eye. She may not have the type of looks that turn heads in the street but she is attractive. As her photos will confirm, she has a nice body as well. She isn't the loud type but she can hold a conversation and it doesn't feel awkward when she is quiet.

The Story:

I had recently discovered the joys of punting and developed an immense liking for the girlfriend experience. To minimise the risk of disappointment, I thoroughly research online reviews and Laura's demonstrated she was reliable in providing this type of service. She doesn't have as many reviews as some other ladies but virtually all of the ones that she does have, from working in London as well as Milton Keynes, were written by punters who had reviewed a number of other ladies. I thought these had more credibility and the more reviews they had written, the greater weighting I attached to them. I also gave more weighting to the more explicit reviews which clearly indicated the services the reviewer had received. After completing my research of all the ladies working in Milton Keynes that day using this crude attempt at scientific analysis, Laura came out on top. It was a good move on my part as my experience with her turned out exactly as I expected it to be.

Laura asked how I was in a friendly manner when she entered the room and then asked what I wanted. A girlfriend experience I stammered nervously though I felt increasingly more relaxed just being with her. She stood close to me and I pulled her closer and then we were french kissing while I was feeling her up. I was surprised how enthusiastic she was given I have a face only a mother can love or so I have been told. I held her tightly but after several minutes she pulled away and she started to give me a blow job without a condom. It felt really nice. It was a good job I had a wank just before leaving the house otherwise I would have come very quickly. I moved my head between her legs and starting licking and sucking while she was doing the same to me. Laura seemed to really enjoy this. After several minutes, she asked whether I was ready for the condom to which I replied that I was happy to continue with the 69. She resumed what she was doing gradually

increasing the tempo until I came in her mouth.

It was a fantastic punt. I can't recommend Laura highly enough.

I'm looking forward to my next punt.....
