### The Premises:

This was a lovely incall booking in Paddington on a sunny morning before I left London. A nice end to a great trip. Apartment was in a nice area, very easy to find and access. Inside it was lovely, spacious and comfortable. Everything I could have asked for. Safe and secure.

### The Lady:

There's one thing about Arrianna that's startlingly obvious the moment you meet. She doesn't look exactly like her pictures. She looks older, and the pictures look like they were either taken a long time ago, or they've been very well enhanced. I would put her in her late thirties to tell the truth, if not her forties. Now, that's not to say that she isn't gorgeous, she absolutely is! Make no mistake about it. Long legs, pretty face, big boobs (enhanced), all over tan and a great figure. She speaks fluent English, she's very familiar with British culture and she's been here for some time a while ago apparently. Now she's back. She's great company, very funny and very witty. Sexy as hell.

### The Story:

Arrianna was wearing a beige/gold colour dress with a low cut front showing off some beautiful cleavage. Split in her dress showed off her lovely long and tanned legs. She was very nice to me and complimented me and my appearance. Kisses passionately like a real girlfriend. And things got very hot, really quite quickly in that department. We stood and kissed for a while, our hands exploring each other's body. I took a quick shower and returned to more of the same and then she stripped off to show me a wonderful body. Her boobs are very big, and sadly I must say don't feel that great (heavy and awkward). They look great though and I was certainly enjoying that.

Started off with some pretty hot kissing on the bed, fingering, wanking etc. I went down on her for a while which seemed to get her all juiced up. There's one thing about Arrianna, she really does get into it. Then it was down on me for some lovely OWO action. She likes doing this, and had a lot of fun with it, mixing up techniques etc. I was ready to cum in her mouth but stopped myself.

After me lying on my back and her sucking me off, I turned her over and put her on her back, was about to grab the condom off the night stand but decided to prop her head up with pillows and see

how she handled some good old fashioned face fucking. Have to say that she did very well for a while, then insisted on a break. I switched my wet cock to between her massive tits and this was lovely with her encouragement.

On with the condom and into missionary for some nice hard fucking whilst I grabbed hold of her tits. This is where she really went into herself and made herself come with such force that she very nearly passed out. I sat back on my knees and fucked her in this position giving her lots of room to play with herself and me a good view of her bouncing tits. She closed her eyes and shuddered as she played with her clit. Then she sat up exhausted and smiled, telling me it was my turn. Went into some more OWO and a nice wet wank until I shot in her hands.

Lovely woman, lovely body, great fuck! Shame about her pictures though. I actually think she'd still get a lot of interest if she published newer ones.
