The Premises:

Vienna has a really nice place in Oxford Street, not far from the tube station there or Tottenham Court Road. it's easy to access and very nice inside. Spacious. It was very hot, but Vienna had two fans blasting away which was lovely.

The Lady:

She's in her mid to late 30's I'd say, looks very attractive, Slovakian. She's friendly, speaks excellent English and has a great body. She was wearing just her underwear and a black silk robe.

The Story:

She lead me to the bathroom and promptly removed her robe to reveal her lovely boobs, they looked amazing. It wasn't until I got my hands on them that I realised they were enhanced, they look so good. You can feel them ever so slightly when she's standing up, but more when she leans forward of course. Didn't bother me, and they looked and felt great.

After my shower, Vienna took the lead a little and suggested that we start things off with a nice massage. She's actually very good, and I'd say she's had some training in this area. She started making the massage quite sensual as she stroked her boobs along my back and she came up close to my ears and started kissing the back of my neck and breathing heavily. When she turned me over her massage took on even more of a sensual side. She stroked up the inside of my legs and around my balls and kissed my chest for a while, teasing my cock before going down on me.

It was at this point that I noticed she'd slipped a condom on without me knowing about it. Her BJ was feeling very good actually, and she clearly has a skill at doing this, but I like to watch and when I see a condom on the old chap I lose heart just a little. I asked her if she could remove it and she did so very obligingly. It's obviously her default choice when giving a BJ. OWO was even better though and I was glad I asked her. She sucks quite deep and wet, and she makes some lovely noises too.

Moved onto her sliding on another condom and climbing on top, in reverse cowgirl. I'm not always a great fan of this, especially when they put their legs on top of mine. I think this is a tactic to stop you thrusting up. She was good at this really to be fair. she prevented me going in too deep in

missionary too actually, but not by moaning and complaining, just by careful placement. It felt good, she was clearly very good at what she was doing, but again, I do like it the other way around more. When she climbed off she invited me on top of her.

It was one of her legs I just couldn't get past in order to push all the way home, which was disappointing, but it was still lots of fun. I think my length sometimes puts them off a little, she certainly isn't the first that's done this. She felt nice and tight though and she really goes all out with the encouragement, tickling the balls and such, and pretty soon I was cumming real hard inside her with my hands gripping her big tits nice and hard.

A lovely session really at this price, and I can't complain. Had a nice chat at the end too. Vienna is a lovely woman.
