### The Premises:

Plenty of parking in a residential area. For the price I'd expect a cleaner environment. Stained old bedsheets were a turn off.

### The Lady:

The lady.

About 5'4" tall, 20s, blonde hair and very slim. Her profile contains inaccuracies. Services offered on profile are not available. I think her profile could have been written by someone else. She has tattoos including facial. Communication was sporadic and intermittent over a few days and lacked conviction

### The Story:

The story

Residential property in Dudley 5 minutes from the black country museum. Was led upstairs. The place felt untidy with nowhere to hang your clothes which normally isn't an issue if the floor is clean. There was a distinct absence of sex appeal. A voice in my head told me to "walk as you're not going to enjoy this" I ignored regretfully.

She made no effort to instigate any action and just lay on the bed. I told her to undress and it was at this point I noticed a smell. I had to tell her to suck my cock. The action was very poor akin to inexperience.

Condom on moved to doggy. The smell of anus was overbearing. A dichotomous state of flight or perseverance ensued and as refunds don't really apply at this stage of a meet the latter would take precedence.

Personally I think she is very overpriced and even Romanians would ensure their anus is clean before a meet and this is without considering her lacklustre. I've never understood how hygiene could be an issue especially when you know your anus will be on full display under the direct convection line of a man's nostrils (in doggy style).

Left unsatisfied and feeling dirty.
