The Premises:

Vanessa was in a converted 1980s office block in Luton town centre. Modern inside, and her place was clean and compact.

The Lady:

She is a Brazilian pre-op TS lady. About 30 years old, pretty, slightly curvy, with maybe 6" dick. Her English is very good, and overall very pleasant.

The Story:

Vanessa greeted me at her door with a black see-through nightie, and I was invited to talk a shower.

Once in the bedroom, she rubbed me down briefly with some oil, and then got on top me from behind and slid her dick in me. She was average in length, but it felt good.

We then changed to doggy, and she entered me from the edge of the bed. This was good, and she got me moaning quite hard, to the point I had a prostate orgasm.

We started to kiss and then play with each other's cocks and after this I came and we cleaned up.

She said she's from Minas Gerais in Brazil, which I believe is in the south of the country, but I enjoyed this session a lot. In her own language - muito linda.
