The Premises:

The Phoenix Party has been in better place before lockdown, but new place was easy to locate, adequate for the purpose. One aspect was better that daylight lit up the room, it so was enjoyable to see the gilrs in all their glory, rather than the usual dark that previous locations could be.

The Lady:

Three ladies on duty Jess, Kasia, Sienna. Girls are a little curvier (and for the better) than the photoshopped images on website.

All threee had great peronality and were pleasent to chat to.

The Story:

I have been to parties prviously, most were better, but some were worst. But I going based this on what experince on the day. I had a fucking brilliant time. The girls personality really made the party an enjoyable experince. I licked, I was sucked, I was fucked, I fucked, MFF action. I left after 1 hour 30 min becuase I was exhusted with relentless action.

I written this report couple weeks after the event, I could go in depth with blow by blow on detail, but I am going cherish the memories, and that I still thinking of the party now is how good I felt after.

I glad that Phoenix Party is back, there reliable and girls are great.
