The Premises:

Grace was located in a first floor flat about a 4 minute walk from Marble Arch tube station.

The Lady:

A very slim and petite young Chinese girl. She could only have been a size 6 with 32B breasts and with lovely prominent nipples. She was wearing a schoolgirl/sailor girl uniform with pink high heeled shoes. I didn't request this and I wondered if another punter had phoned before me. Her voice was a turn on too.

The Story:

I took the offer of a shower and it was the smallest shower room I've ever been in. I returned to the bedroom and my hands immediately went under Grace's short skirt and onto her full size white knickers. She took the skirt off and her bra to reveal her lovely B cup breasts and nipples. Breasts are indeed lovely in all sizes. While still standing Grace performed uncovered oral on me. This was without doubt the best I've ever received. It was gentle sucking with occasional licking. She was tickling my balls at the same time. We laid on the bed and the sucking recommenced. I could feel myself gradually nearing a climax and Grace said it was OK to finish in her mouth. I should have persevered, but instead asked for sex in doggy position. Big mistake because the whole condom thing meant I lost my erection. It was a struggle and I did get ready again mainly thanks to the tight little bum in front of me. I thrust away for a brief period and with her permission I removed the condom and came over her breasts.

This was a huge upgrade on the Chinese massage girls that operate in medicine shops.
