The Lady:

Apple is I think Philippina origin
She's pretty and in her 30s
Slim but strong frame
Always immaculately turned out

The Story:

When the modelfucker HOD blitz of 17-19 was nothing more than an idea...
I read someone on the punting site that shall not be named..
Say something sensible for once

"You never have a bad punt with Apple"

And he was right

You'd have to be a total well UKPer to do so

Apple is a HOD legend

She provides all services

My punt this time was vanilla cos I'm old and out of practice and I was seeing Bambi immediately after

I asked Apple to warn me up and she did

I've had a few lovely ladies say a few cool things for me since I've been back...

Not least was Apple saying 'shame I'm not going to taste your spunk'

Well no I saved that for later, but as we all know

An apple a day keeps the doctor away...

So I aim to see the HOD Queen again before I hang up the punting Yeezys for good
