The Premises:

As described in numerous other reviews. Car Park had a few more pot-holes since my last visit. Thankfully was allocated the bigger room at the car park end of the building.

The Lady:

Slim, all over tanned, fit as f*ck. Long brown hair as opposed to the bob in her profile photos. Tattoos have been added since photos taken, or were air-brushed out. I'm not a fan of over-tattooing, Eve's are just on the other side of "too many".

The Story:

Since the sad departures of the drop-dead gorgeous Jamie and the bubbly Ranvir Singh doppelganger Zeena I had ear-marked Eve for my next visit. When seeing a girl for the first time I normally book 30 minutes but in Eve's case decided to go for the full hour. My how pleased I am that I did.

Eve is so easy to talk to, there was barely a pause during the whole appointment. Her technique is amazing. She asked me whether I wanted firm, medium or light massage. I went right down the middle for medium. She spent the majority of the time kneeling on the massage table or sitting at the top of my legs where she's often gently rub her pussy against me. I can't remember much reach-under action, but Eve is so good there doesn't need to be. She seemed to find every spot that brings a sharp intake of breath.

After turnover Eve went into overdrive. The highlight before the happy ending was when she kneeled either side of my chest, her perfect little pussy tantalisingly hovering above my face as she worked on my erection. To finish she re-positioned so she was at the end of the table looking straight at me. I had to ask her to slow down on a couple of occasions as I didn't want to waste a minute of our appointment. When it came my orgasm was the most intense I have ever experienced, no BS.

Eve is a master of her craft. In short she is magnificent. I cannot recommend her highly enough. Eve generally only works one day a week at Ego. It pays to book early.

Thanks Eve. We *shall* meet again! xxx
