The Story:

Sorry but I have to say after a decade I have to write my 1st bad review,
After entering the room all was good, looked fine with a body to die for.
Was wearing glasses but thought ok I'm sure she will remove these. (Not my thing)
Went to kiss her and she moved her head. Ok so the kissing bit advertised is not on the table.
Had a cuddle and she nibbled my ear, went for a kiss again and again turn of the head.
A little bit of a fumble and she turned around and undressed, I layed the towel on the bed and layed down,
She went straight for a condom and put it on my not ready member,
No kissing or playing
Sort of a bj followed while I played with her big tits trying to get turned on,
Once I had a semi she got of me and layed down.(all very rushed)
I tried getting on top but wasn't ready, tried kissing again, as that's what gets me going,
Nope nothing, so rolled off saying if there is no kissing then this isn't happening,
Then kissing started but very reserved and by this time the moment had gone.
Glasses was never removed and just feel that I didn't receive what I was paying for,
Not asking if I want a massage or a play to get me in the mood as could see I wasn't feeling it.
Ended up being wanked off with a semi
Just felt that she was Not interested in the work and I was very disappointed in the time I had.
Will not be returning to see this one and very disappointed that a place I go regularly is advertising girls doing service that they don't do.
