The Story:

Visited Debbs following the postings on the message board about her future dungeon exploits. Maid let me in, drink was waiting by the time I got down the stairs. I had to wait for another regular visitor to finish (knew it could be some time) but a nice chat with the maid while I was waiting. Time came to go into the bedroom, Debbs knows what I like so after the normal undressing ritual, we enjoyed some fun lots of kissing ? she even became dominant and forced me to my knees (otherwise I might have lost my nipples). Into the shower (assisted shower always something I enjoy). Returned to the room, nice relaxing back massage, eventually turned over and Debbs decided she was going to tie me to the bed, I wasn't going to agree. Tied lightly to the bed, started teasing then mentioned the cake ? I won't say my reply but Debbs decided that the maid (you know who you are) would bring the cake in ? she got her own back. I was ?Force? fed some cake, it was nice then washed down with some more lager (shame spilt some). I won't go into details about what the maid did ? but I certainly enjoyed it. Finally I was untied, moved on to some more fun with Debbs on top, changed positions (everything covered as always) and eventually finished by hand definitely no rush.

A wonderful time will I return you bet.
