Large, slightly shabby three-story terrace near Wanstead Ponds. Parking right outside the door.. seemed pretty safe to me.

The Lady:

I'd been meaning to see Collette for some time after reading a whole run of positive reports, but before I managed to get there two less favourable reviews appeared and one of them was positively scathing.

However, I still thought the good points outweighed the bad and decided to see her anyway. I certainly wasn't disappointed with her looks. Collette is about 19 years old, but she's a tiny little cutie with a very pretty, very young face and a body about the size of a slim 12-year-old's .. except that Collette's also got nicely rounded tits, shapely hips and a neatly trimmed bush. There's no doubt that by virtue of her tiny frame she'd appeal to anyone who fantasises about shagging young teens (and I did notice a school uniform hanging up, if that's what turns you on), Collette's hair is in very long braids (not dreadlocks, as someone else said). It's true that her teeth are a bit discoloured, but her behaviour betrayed no other evidence of drug abuse. Her manner was friendly and happy, but a little more brisk and businesslike than I've grown used to with the shagtastic girls from Vivas.

The Story:

Collette and a very leggy black girl called Leah paraded themselves in front of me. I chose Collette and negotiated the fee with the maid...an initial demand of ?100 for an uncovered BJ plus sex easily came down to ?70. There was no waiting time at all after handing over the cash, and after a brief massage in which she rubbed her lovely tits all over me, Collette got down to business.

As well as being so small that you feel deliciously pervy when she's crawling all over you, Collette has incredibly soft, warm skin which is a positive delight to fondle and caress. While I explored her body with my hands, she wrapped her lips around my uncovered knob and give it a good seeing-to. She let me give her pussy some serious fingering while this was going on, and I can't tell you how satisfying it was to lie back with my head propped up watching this beautiful little creature devour

my dick while I invaded her tight cunt.

After about 10 minutes she came up for air and asked how I'd like the sex. I suggested that she get on top and then we switch to doggie after a few minutes. That's exactly how it worked out, and both ways were simply heavenly. I'm 6ft 1ins tall and carrying a little too much weight,, and the sheer novelty of having such a tiny but hot little body at my disposal was a massive turn-on. I especially like gripping her little bum with both hands while I pounded in and out of her pussy from behind.

However, my knob wasn't in the mood for a quick climax, and as much I would have liked to impale Collette's bum for the whole afternoon, after five minutes I suggested that we lie down and she could wank me to a climax. 'Are you sure??' she asked (I liked that) and after removing the rubber johnny, it took barely a minute of gentle fingering before my spunk was dripping all over Collette's dainty fingers.

There was no much action packed in that I was amazed to see that only 20 minutse had gone by, but I was more than satisfied. She certainly wasn't anything like the wild little nympho described in the most glowing early reports, but I'd certainly go back for second helping.
