The Story:

I was taken immediately to the bathroom, the tube was already filled with warm water. Nice erotic session there, I was soaped and massaged. She offered to finish it by owo and cim, I was very tempted but I don't take owo.

Then onto the bedroom another nice performance followed. She was very into it, right noises and superb and enthusiastic sex with some very nice views. (she really has a stunner body). Her covered bj technique was nice but she could use a bit more eye contact. Overall she made a very convincing effort to please me. Anyways I am not a king of self control and round two was over at 30 minutes mark. I had sweated a lot in the second round so I was taken to the bathroom for a quick shower again. Things got a bit uneasy when I got back. Given that there is still plenty of time left, I suggested her to help me to get ready for another round to which she said three is too much and she is not feeling very good that day. I can rise to a third occasion but I tend to lose it quickly and I often can not come for a third time but still I would appreciate a try. Then she put on her clothes and placed herself at a far side of the bed. basically nothing was available to me after on. At some point she even started to play with her mobile. I mean taking calls during a session is already not so nice, but reaching the mobile without a ring? How inappropriate is that?

Her treatment in both rounds certainly deserves a recommendation and I would be probably writing a highly positive report if I had managed to spread two rounds into a full hour, but she was not nice to me in the last twentyfive minutes or so. also her English is limited to a point I am surprised it was not mentioned in the earlier reports.
