### The Story:

Kelly is an Amazonian warrior princess whose secret weapon is lust. Sheer, unadulterated, raw, passionate lust. Her tits are legendary throughout the known world. If you are searching for weapons of mass seduction, look no further. Kelly could shag a whole army into exhaustion and then take on the generals and politicians, drinking them all under the table, with endless rounds of sarf london gossip, filth and laughter. So what chance did poor old docker have? I came, I shagged, I was conquered. She came (loudly), she came again (even more loudly), I came, I surrendered. What a session! What a woman! What a drag I can't get to see her more often!
