### The Premises:

On main street in Gorse Hill. Not private, easy enough to park. Establishment was a little grotty but not too bad for punt at this end of the market

### The Lady:

Tall lady, 5` 10" about 25, nice figure, small boobs, lovely bum. Dressed in white overall with small g sting and bra underneath

### The Story:

Asked for full personal and agreed ?60 for 30 mins. Told to get undressed and lie on bed and wait for her return. Waited 5 mins and she came back and removed overall with small g sting and bra. Started massage for 2 mins sitting down the bed at all times, I think to ensure I couldn't stoke her. Began covered oral for approx 5 mins with excellent eye contact. I said i was near cumming and would like to fuck her but she wouldn't let me get up and gripped my cock a lot harder whilst wanking to make sure i spunked quickly. A bit annoyed as it was obvious she didn't wank me to fuck her. Not much attempt at conversation and definately not GFE experience. By paying a little bit more you can get far better value at non parlour location. I won't be going back
