The Story:

First visit for me to a party and after a nervous start a delightful two hours with some of the most attractive girls to be found.

Manged to get lots of oral from all girls , the hightlight for me having jennifer and gloria both licking and sucking me at the same time (and seeing gloria give great oral to her close friend jennifer was a delight). I would like to have had more time with the lovely sable but becoming fixated with eating gloria as much as possible was my drive for the evening.

A delight and will visit again and again (money and stamina permitting of course).

And on a side note I'm not sure the jelly beans helped the enegy levels :)... but you never know.
