### The Premises:

A little difficult to find at first but needs redecoration

Looks like a 1970's flashback

### The Lady:

personally i think leonora looks 100% prettier in the flesh,although a little tired around the eyes she has a captivating presence.

### The Story:

A rather professional service at the start as she seemed a tad nervous but once the fire was lit this girl is a hot one.A delightfully sexy body,very toned and soft skin with a radiant smile.

She seems suited to the longer appointments where she can get to know you better first as she likes to click with the person.
