The Story:

Superb. Phoned to make appointment and Gina gave me clear directions to the house. From the way she greeted me at the door, you'd have thought I was a long-lost lover with the looks and physique of a young Greek God. Truth to tell, we'd never met before and I look more like an old Greek ruin, but it didn't matter to Gina. In no time at all, this scantily-dressed sexpot had her tongue down my throat and her hand down my trousers! We quickly sorted out the business and I followed her upstairs (what a view!). From there on in, it was all non-stop, raunchy sex (no massage, at my request) with Gina giving the impression that she was enjoying every second of it. Her OWO is to die for, she tastes a treat in reverse, she knows positions I wouldn't have believed possible and she has the horniest line in chat. In short, a real all-rounder (the only 'no-no', so far as I could tell, was A levels - but that's never been my thing).

What else can I tell you? Well, she's bright, friendly and very approachable - for me, the perfect combination of GFE warmth and porn star action. Probably my best ever experience with a working girl; in fact one of my best-ever sexual experiences which, considering I'm pushing 60 and have 'had my share' is really saying something. Managed two rounds (unusual these days) and would have stayed-on to attempt a third if I hadn't had to leave for an appointment, for which I arrived embarrassingly erect!. Can't wait for next time!
