The Premises:

The normal City Girls flat which has ample, safe parking.

The Lady:

I had waited a long time to see Charlize as our timetables never seemed to overlap, but it was definitely worth the wait. This lady has a body to die for. Dressed all in black with stockings and knee length boots, I did wonder if I would ever get my eyeballs back in their sockets!!

She is more mature lady than most I see but she is experienced and knows how to push all the right buttons.

The Story:

I can safely say that I have never been with anyone more agile or athletic.

We skipped the massage to get to know each other better and it was time well spent.

Having had a very enjoyable time with Nina the previous day, I was concerned that I might not be on top form, but I needn't have worried. What happened next will remain between Charlize and myself.

I would like to think that we both enjoyed our time together and I am toying with the idea of seeing if I can get Charlize and Dee together, if they were up for it. I'm knackered just thinking about it!
