The Story:

Firstly let me say Agency has has promised to return my money in Full. Begin by being invited in by chantelle, asked me a few questions where i worked. Then all of a sudden she ran out of the house and started shouting police, police. Anyway i went outside to see what was up and she grabbed a passer by and told him and anyone else that was listening that i was KGB spy. Oh Boy had to convince passer by chantelle was on Drugs as her eyes were wide open and scary. Managed to get away and run, but have a cut on my hand where she dug her nail into me whilst outside. I am phsyically shocked and spoke to Agency boss to told me Chantelle had been robbed a few days ago and tried to explain the situation. Unfortunately damage has now been done and can not be recommended
