The Story:

Of the five WGs I've seen, Honey was by far the best match for me. She seems to possess a natural charm, making her an absolute joy to be with. She's open, genuine, fun. Our time together was filled with laughter. The effect was therapeutic, lasting for several weeks afterwards.

Really I'm after a playmate (not in the Playboy sense) rather than a service provider; Honey had no problem adapting to my needs. She told me what she liked and what she didn't like. She made clear her boundaries (no anal, no CIM, no fingers, no french kissing).

Sexually she's relatively inexperienced but was quite happy to let me teach her some tantric sex tricks; can't say we made great progress but it was fun trying. Hers is more of a sensual sexuality rather than a darker version. She was fully present throughout, no going through the motions, no faking, no attempt to impose her routine on me.

Not sure she'd be a great match for everyone. The lack of french kissing might be a problem for some. But I thoroughly enjoyed our uninterrupted time together.

In a word: therapeutic
