The Story:

I have never tried tantric but have heard good things about this lady and this particular service. She arrived on time smartly dressed in a business suit with a brief case which contained her oil and mask.

She had asked me to shower before her arrival so once the money thing was out of the way I lay on my front was treated to a fantastic massage that almost sent me to sleep, before turning onto my back.

Beth blindfolded me, got me to breathe through my mouth guiding me through the process before sitting naked between my wide spread legs.

She then teased and carressed me to pleasures and feelings I never knew possible then when I thought I could take no more she brought me to climax

Fucking brilliant !!!!
