The Premises:

Nice clean family home on a private residential estate near whitchurch. Private drive screened from road and I was unaware of any interested twitchers

The Lady:

Jan is in her early 40s, although I think her body says younger, short hair and well applied make up . She has a teenagers beautiful firm rounded butt, small bust and coat peg nipples.

Greeted me at the door with a passionate full on open mouth kiss dressed in a skimpy tight short skirt that left nothing to the imagination as she went up stairs in front of me

The Story:

Jan is well known for her oral skills which I am no stranger to and once she gets her lips around the equipment there is generally no going back but this time I was determined to explore. Oral, ankles by ears, jan riding on top, then doggie to finish with me trying to excite her in between with some reverse oral and her roger rabbit.

This lady believes I am sure that her place on earth is to provide outstanding sex for men and enjoy it her self as well.If this is her mission I think we achieved it today
