The Premises:

I had visited Helen several times when I visited England regularly some years ago. I had always enjoyed my visits immensely. I agree with others who say she clearly enjoys her work or she's a fantastic actress. Either way, her clients leave with a smile on their face. I visited England recently after an interval of more than 5 years and was pleased that all the information I needed was right here on punternet and to my delight, Helen is still available. That in itself says something about her. She's good and she's discreet. Her house is the end house of a row, with the entrance door partially hidden. There is convenient parking nearby.

I knocked on the door and she admitted me into a small hallway. She took my coat, smiling at me. She has a beautiful smile as well as a beautiful body, well shown off by the short silky slip and silky knickers that she was making no attempt to hide. I was getting hard already and she hadn't touched me yet.

Shall we go upstairs, she asked and I mumbled some thing unintelligible that meant Yes. I followed her up the stairs, easily able to see her knickers, waving just in front of my face. In a nicely outfitted bedroom (I think, by this time I wasn't taking much notice of the surroundings past that fantastic arse and crotch. She helped me out of my clothes, kissing me and I made a clumsy attempt to undress her. She did most of it. Then she stroked me gently and sucked me. I could feel myself starting to throb and she slipped a condom onto me, then laying me back onto the bed, she lay on top of me slipping me into her. I came, feeling like I was pouring myself into her. Fantastic. She is really a sweet lady and I intend to see her again

The Lady:

Nice trim but full figured, very easy on the eye. Dresses nicely and appropriately too.

The Story:

See above, enjoyed it very much.
